Acknowledgments

The members of the Interstate Technology & Regulatory Council (ITRC) PFAS Team wish to acknowledge and thank the individuals, organizations, and agencies that contributed to this online document that includes the PFAS Technical and Regulatory Guidance Document, PFAS Fact Sheets and Explainer Videos, Training Module Videos and external tables of data and information prepared by the ITRC PFAS Team.

The PFAS Team was led by: Bob Mueller, New Jersey Department of Environmental Protection (2017-2021); Ginny Yingling, Minnesota Department of Health (2017-2020); Kate Emma Schlosser, New Hampshire Department of Environmental Services (2020-present); and Sandra Goodrow, New Jersey Department of Environmental Protection (2020-present).

The team leaders were assisted by Program Advisors: Lesley Hay Wilson and Jim Rocco of Sage Risk Solutions LLC. In addition, Josh Criss of GDIT provided video support for the training video modules. Tadbir Singh, ITRC/ECOS Project Associate and Evan Madden, ITRC Project Manager provided support to the team.

During the development of the fact sheets, technical and regulatory guidance document, external tables and training videos the team received many comments and reviews from experts across U.S. EPA, U.S. DOD and U.S. DOE, state agencies, academic institutions, industry and consulting. This input was invaluable to the development of these ITRC products. The team greatly appreciates those who offered advice, suggestions, reviews and comments.

Specifically, the team wishes to thank and recognize the efforts and important contributions of the team members.
